

MADEIRA

Shade Card

No. 86
Digital Version

POLYNEON
green

For a more accurate representation of our thread colours, the digital display has been carefully enhanced. All shades have been digitised using DMix technology to provide the most precise colour selection possible.

Colours have been optimised for on-screen viewing.

Please do not print this shade card, as printed colours may differ from their digital appearance.

Due to variations in screen settings and display technologies across devices, **we strongly recommend using a physical shade card for colour approvals where absolute accuracy is required.**
